

# bodycare

## PROJECT PROFILE

### Bodycare Shops and Head Office

#### Introduction

*Bodycare operate over 120 retail outlets across the U.K. selling an extensive range of value-priced, leading brand toiletries and perfumes to the public. Their head office and distribution operation at Leyland is responsible for the logistics of their goods nationwide. Both shop theft and staff fraud are day-to-day realities for all retailers and Bodycare is no exception. With out of hour's deliveries at both the shops and the distribution centre the client required a flexible loss prevention system to deter theft, prevent loss, increase profitability, improve staff and customer safety and create peace of mind. With these objectives the client approached Black Box for a suitable solution to meet their needs.*

*Total system solutions for a safer environment*

# Off the shelf security solutions for today's retailer

## Black Box Solution

Following an initial consultation with the client to identify their security needs we developed a tailored solution to cover all the risks outlined in their brief.

Black Box has a wealth of experience in managing security installations for different aspects of the retail sector from independent sites to multiple outlets. With this expertise and know-how we controlled the whole process of project management from design, installation to final handover. Our in-house capabilities in design, integration, quality control and servicing meant the Bodycare project was completed within budget and timescale.

## Conclusion

For this client our solution was simple. For the retail outlets, CCTV incorporating fully functional dome cameras were positioned to cover the cash register and merchandise areas. Intruder alarm systems were also installed to the latest European Standards with high security RedCARE signalling.

This cost effective solution was designed to protect individual items against theft while providing honest customers with the chance to browse and staff more time to spend on customer service.

The warehouse and distribution facilities are protected with intruder alarm systems incorporating high security RedCARE signalling.

## Why choose Black Box Security?

Black Box Security has built a reputation on over 35 years of experience in the security market providing bespoke security solutions to commercial and residential customers. Our NACOSS Gold Approval for the installation of security systems, reflects the high levels of technical expertise and commitment that is needed to protect people, property and their assets.
